Dear Sir

***JB Hi-Fi Home Centre
15 Sundew Rise, JOONDALUP***

It is with much pleasure we provide this client reference in support of The Slatter Group WA's entry in the MBA Excellence for Construction Awards 2016 for Best Retail Building.

The Slatter Group constructed the building for us under a fixed price contract being the successful tenderer in an open Tender offering.

Meyer Shircore & Associates designed the building and was the Contract Manager.

From the very start The Slatter Group were most proactive in exploring initiatives for cost and/or time savings and the building was constructed ahead of schedule and on budget.

The project was always under a very tight time schedule with the Lessee, JB Hi-Fi Home Centre, requiring the building to be completed to enable them to capture the pre-Christmas trade.

The Slatter Group worked extensively with the Lessee's fit out contractors to ensure a timely and smooth transition of all common components of the construction and the pre-Christmas opening was achieved.

At all stages of the build we enjoyed an excellent relationship with all personnel of The Slatter Group, were kept fully informed of the building's progress and our direct involvement was encouraged.

Suite 5, 12-14 Thelma Street
WEST PERTH WA 6005
PO Box 1570 West Perth 6872
Phone: 9481 4288
Fax : 9481 4291
Email : michael@stephengroup.com.au

We compliment the excellent work of The Slatter Group in all aspects of the construction of the project and the quality and standard of the building is testament to their dedication and professionalism.

Kind regards
STEPHENS GROUP
